6. Grading System

- a. All graded events: ballet class (for age categories 12+), as well as ballet and contemporary competitions, will be graded as a **percentage (%)**. The grade is based on the **general impression** the candidate gives to the jury.
- b. Grading system for the **Semi-Finale**
 - i. Ballet
 1. Age categories 8-9 and 10-11:
 - a. The Semi-Finale grade is based solely on performance of the *Elegance* ballet variation.

2. Age categories 12-13, 14-15, 16-17 and 18+:
 - a. The Semi-Finale grade will be calculated as the **average** of the grade from the ballet class, and the grade from the performance of the Elegance ballet variation. The class is therefore just as important as the performance.
- ii. Contemporary
 1. The Semi-Finale grade is based solely on performance of the Elegance contemporary solo.

Note: For those competing in ballet and in contemporary: the grade of one dance style is completely independent from the grade of the other dance style, and a separate ranking scheme is in place, with different prizes to be distributed.

- c. Grading system for the **Finale** (for those who make it into the Finale)
 - i. Ballet
 1. Age categories 8-9 and 10-11:
 - a. The final grade will be calculated as the **average** of the grade from the performance of the Elegance ballet variation, and the pre-recorded performance of the repertoire variation. Therefore, the Semi-Finale grade is just as important as the Finale grade.
 2. Age categories 12-13, 14-15, 16-17 and 18+:
 - a. The final grade will be calculated as the **average** of the grade from the ballet class, the performance of the Elegance ballet variation, and the pre-recorded performance of the repertoire variation. Therefore, the Semi-Finale grade is just as important as the Finale grade.
 - ii. Contemporary
 1. The final grade will be calculated as the **average** of the grade from the performance of the Elegance contemporary solo, and the pre-recorded performance of the free contemporary solo. Therefore, the Semi-Finale grade is just as important as the Finale grade.

- e. Visit the tab *Competitors' Schedule* for detailed schedules for each category.

9. Set up

- a. **Studio**

- i. If the government regulations of your country allow studio rentals, we recommend you to rent a studio to dance at for the competition. However, competing from home is very much welcome as well.
- b. Home spacing**
- i. In order to make it easier for the judges to see the candidate, make sure to have a clear spacing for all events in which you participate.
 - ii. Unnecessary objects such as bags, chairs, tables, or any other movable objects or furniture should, as much as possible, be hidden from the camera. This way, the focus would be on the dancer, rather than on objects.
 - iii. Position your camera in a spot where the **dancer's whole body can be seen, both at the barre and center. The following are recommendations in terms of spacing:**
 - 1. Minimum distance between the camera and the dancer (for barre, center, and performances): 4 m (13 feet)
 - 2. Minimum width of the room: 2.5 m (8 feet)
 - 3. Advised height to place the camera: 1.2 m (4 feet)
 - iv. We recommend positioning your camera so there is a "landscape" recording, rather than "portrait", especially for center and performances.
 - v. Please have your camera still, and avoid having a person holding it.
 - vi. We encourage candidates to have a ballet floor or equivalent.
 - vii. We encourage candidates to have a ballet barre, although another support would also be welcome.
 - viii. We will not be responsible for any injuries or any damaged objects caused in any of the events hosted by Elegance.
- c. ZOOM**
- i. In order to participate, please create a ZOOM account prior to the competition.
 - ii. Enter the **number and the name of the candidate** as the ZOOM username (e.g. 29 Anna Smith).
 - iii. Please change the profile picture to an image with the number of the candidate. The number must be in black, with a white background. Please make this number very visible.
 - iv. Please log in to each event at least **30 min before** the beginning of all events, with your name as described above.
 - v. Once a member of our staff accepts you from Webinar mode into Participant mode, please turn ON your camera and stay visible.
 - vi. Please keep an eye on the "chat" – you will be contacted if our staff believes your visibility is not optimal. We count on you to make efforts to have the best set up possible, within the circumstances.
 - vii. During the graded **ballet class**, all candidates of the category in question must have their **cameras ON**, or else the jury will not be able to judge (*reminder*: ballet class is mandatory for categories 12+ registered to compete in ballet).
 - viii. If you are watching a ballet class that is not for your category, our staff will keep you in Webinar mode. In case you are accidentally kept in Participant mode although it is not the class for your category, please keep your camera off at all times.

- ix. During **performances**, candidates of the category in question must have their cameras OFF, except the **one candidate performing**, as well as the **next 4 candidates**, following the numbers assigned. Please pay attention to the progression of the performances, so cameras are turned on around 4 numbers before your own. The number and name are announced prior to each solo performance.
- x. Please make sure your Wi-Fi connection is adequate. We are not responsible for candidates missing any of the events due to problems with connection.
 - 1. We recommend that you place your Modem in the same room where you will be dancing. An alternative would be to plug in your computer an Ethernet cable.
 - 2. If you are using Wi-Fi, we recommend to limit the use of other devices to the same Wi-Fi at the same time.
 - 3. In case of connection issues right at the moment of a candidate to perform, a second chance will be given at the end of the age category/division in question.

10. Disqualification

- a. Candidates who do not follow the above rules and regulations may be disqualified.
- b. The following points will **immediately disqualify** a candidate:
